25 June 2026

To: **Whom It May Concern,**
Subject: ***EQSS UpWatch JLG, Power Towers Model 2016-2026***

JLG Industries, Inc. ("JLG") conditionally approves the installation of EQSS UpWatch system for the JLG, Power Tower model placed on the market in UK and Europe between 2016 and 2026.

The device manufacturer retain full responsibility for design, testing, integration and certification of the EQSS UpWatch system and are responsible for the maintenance of all related technical documentation.

JLG, as the Original Equipment Manufacturer, is not liable for the adaptation, addition or modification nor any effects the modification has on the safety and performance of the machine.

For UpWatch information and support please contact EQSS directly. This includes the following and applies whether the system was installed by JLG, the machine owner or other suitably qualified persons:

- Instruction/operation manuals.
- System operation and service training
- Technical support
- Service and Warranty information
- Standards compliance questions

The current owner, operator, and user are responsible for the safe and proper operation and utilisation of the elevating work platform. JLG assumes no responsibility or liability for incidents involving personal injury, property damage, or equipment damage that may occur from the improper utilisation of JLG products.

Sincerely,

Product Safety & Reliability Department
JLG Industries, Inc.
